

Features

IONIQ EV (FL)
Safety
ELECTRO CHROMATIC MIRROR (ECM)
REVERSE PARKING SENSOR & CAMERA WITH PARKING GUIDANCE
FRONT & REAR DISC BRAKE
TIRE PRESSURE MONITORING SYSTEM (TPMS)
ELECTRIC PARKING BRAKE (EPB) WITH AUTOHOLD
ALTERNATOR MANAGEMENT SYSTEM (AMS)
6 AIRBAGS (FRONT & SIDE + THORAX & PELVIS)
DAYTIME RUNNING LIGHT (DRL)
IMMOBILIZER
ACTIVE AIR FLAP
ANTI LOCK BRAKING SYSTEM (ABS)
ELECTRONIC STABILITY CONTROL (ESC)
HILL-START ASSIST CONTROL (HAC)
REAR VIEW FUNCTION WHILE DRIVING
TEMPORARY MOBILITY KIT
Exterior
REAR SPOILER WITH HIGH MOUNT STOP LAMP
LED COMBINATION LAMP (REAR)
LED POSITIONING LAMPS
16 INCH ALLOY WHEELS
LED HEADLAMPS
LED FOG LAMP (REAR)
ELECTRICALLY ADJUSTABLE AND FOLDABLE OUTSIDE MIRROR
Interior
LEATHER SEATS
OVERHEAD CONSOLE LAMP WITH SUNGLASS HOLDER
ROOM LAMPS

IONIQ EV (FL)
60:40 SPLIT REAR SEAT
7 INCH LED SUPERVISION CLUSTER
TWEETER
ARM REST WITH CUP HOLDER
CARGO SCREEN
LEATHER WRAPPED 3 SPOKE STEERING WHEEL
8 INCH FLOATING TOUCH SCREEN INFOTAINMENT SYSTEM
PADDLE SHIFTER
Comfort & Convenience
SMART ELECTRIC SUNROOF
POWER SEATS (DRIVER)
AUTO-HOLD FUNCTION
HEATED SEATS (FRONT & REAR)
VENTILATED SEATS (FRONT)
SMART CRUISE CONTROL
WIRELESS CHARGER
SMART KEY & PUSH BUTTON START
WELCOME FUNCTION WITH PUDDLE LAMP
MOTOR DRIVEN POWER STEERING
AUTO WINDOW DEFOGGER
SHIFT-BY-WIRE
DRIVE MODE SELECT
AUTO TEMPERATURE CONTROL (SINGLE)
STEERING MOUNTED AUDIO CONTROL WITH BLUETOOTH & VOICE RECOGNITION
USB CHARGER
BATTERY SAVER
TILT & TELESCOPIC STEERING
RAIN SENSING WIPER
LUMBAR SUPPORT (DRIVER)
BATTERY HEATING SYSTEM

Specifications

Type	
Motor Type	Permanent-magnet synchronous motor (PMSM)
Battery Capacity (kWh)	38.3
Range	311
Max. Power (kW)	100
Max. Torque (Nm)	295
Max. Speed (kph)	165
Suspension	
Front	Macpherson Strut Type
Rear	Torsion Beam Type
Wheel & Tire	
Wheel	(6.5J X 16, Offset 50) Alloy Wheel
Tire	205/60R16
Boot Space (l)	357/1417 (Min/Max)
Battery Power (kW)	113
Ground Clearance (mm)	150
Minimum Turning Radius (m)	5.3
Gross Vehicle Weight (kg)	1,970
Kerb Weight (kg)	1,527/1,575 (Lightest/Heaviest)

Dimensions

unit : mm

Dealer:

Clean and simple engineering.

Pure electric drive opens the door to a whole new world of simplicity. All-electric mobility means a steep reduction in the number of moving parts the main sources of mechanical noise and vibration. The IONIQ electric's 100kW electric motor runs whisper quiet but perhaps best of all, it's inherently simpler, quicker and more reliable than a conventional gas engine while generating absolutely zero emissions. The regenerative braking system captures braking energy that would otherwise be wasted and uses it to top up the battery power reserve. Paddle shifters allow the driver to override the system's default eco drive setting and to summon full power for quicker performance as the mood or the occasion requires.

Charging port

Electric Power Control Unit

Permanent-magnet synchronous motor

In-Cable Control Box charging cable

Pulsing with energetic,  
modern appeal.

Stop and reflect on the appeal of the IONIQ electric. Its refined, modern good looks are the first to grab your attention. Admire every curve, every line: It all comes together to convey the smooth flow of power. The proportions are nicely balanced and when you get in closer to look at the details, you'll discover a perfectionism that is deeply satisfying.

LED headlamps

Smart Electric Sunroof

## Effortlessly elegant & Peace of mind.

With its disciplined focus on layout simplicity and good ergonomics, the IONIQ electric interior advances the evolution of trendsetting design. As forward-thinking as the exterior, the interior abounds with fine touches that bring all the key elements to life in fluid, elegant style. Every detail is precisely designed around the philosophy of clean simplicity for a calming, soothing effect on the senses.

7-inch LED Supervision cluster

All vital car system information is presented with astounding legibility and colourful graphic format that only Supervision technology can deliver.

8-inch Floating Infotainment System

IONIQ's nerve center does more than keep you on course and help find the nearest recharging station. It offers total smartphone connectivity through a simple-to-use touchscreen interface.

Electronic gear shift button cluster

Drive-by-wire eliminates mechanical linkages to allow gear shifts with just a click of a button and includes a safety interlocking system. The parking brake is also push button-type.

Steering Mounted Audio Control

Smartphone charging system

Heated + Ventilated Seats

Auto Temperature control

Electronic parking brake with Auto Hold Function

Rear air ventilation

Paddle shifters (regenerative brake control)

## Cutting edge technologies help keep you safe and hassle-free.

IONIQ electric's safety features befit its sophisticated futuristic styling. Preventive safety innovations incorporate advanced technologies to help keep you on track and out of harm's way. Combining built-in radar, sensors and machine vision, IONIQ electric is at the leading edge of safety technology and will look out for you every inch of the way.
