

The all-new
Hyundai VENUE

The all-new Hyundai VENUE is built to redefine the SUV experience. Driven by bold design and advanced innovation, it defines the possibilities of compact urban mobility.

Stand out wherever you go with wider stance paired with dark chrome radiator grille, and striking Twin Horn daytime running lights giving powerful presence. Inside the bold exterior, expanded interior space equipped with panoramic display, and seamelss innovative technologies creating a premium atmosphere, enabling the all-new VENUE to go beyond it's competitors.

Key USPs

The all-new Hyundai VENUE redefines urban versatility with new bold design, intelligent modern comfort, dynamic performance, and lastly, N Line. It is a compact SUV crafted from ground up to elevate every drive through innovation, confidence, and style.

Exterior

Bold from every angle. Confident in every detail.

Commanding attention from the first glance, the all-new VENUE stands taller and wider, projecting a stronger road presence than ever before. With its enhanced proportions, now 48 mm taller and 30 mm wider, VENUE embodies a confident stance that blends strength with refinement. Every contour and surface has been carefully sculpted to express a sense of modern solidity, highlighted by the new twin horn LED DRL.

Interior & Convenience

Crafted for comfort. Designed to impress.

Step inside the refined H-architecture cabin, designed to create a sense of symmetry and spaciousness. The dual-tone interior blends modern technologies with premium materials, and the expanded cabin space offer greater leg room and comfort for everyone on board. Every detail has been thoughtfully designed to provide enhanced convenience and comfort on your everyday drive.

Exterior

Striking the perfect balance between elegance and strength, the all-new VENUE's exterior design exudes confidence from every angle.

Newly designed front profile features dark chrome grille, anchoring the front with a bold, premium presence, quad-LED headlights and signature LED DRLs creating a sharp, modern impression. Adding to its dynamic character, diamond-cut alloy wheels showcase precision detailing that enhances both style and performance on the road.

Front

From the front, VENUE exudes a striking and confident presence with the wider and taller proportions. All-new quad headlights and LED daytime running lights form a distinctive signature, while the dark chrome grille and silver-painted front bumper add sophistication and rugged appeal.

Front window (Tinted / Laminated)
The front window is tinted and laminated, helping to reduce heat in the front row while the lamination also contributes to a quieter, more serene cabin environment.

Quad headlights (LED (MFR) / Halogen (Bi-functional))
The front headlights are available in halogen and LED, featuring a quad arrangement that delivers a sharp, modern look while providing enhanced visibility with the auto light control.

Twin Horn LED daytime running lights
The new LED daytime running lights (DRL) feature a striking design, creating a bold and modern visual signature that enhances VENUE's new front-end styling.

Radiator grille (Dark chrome / Standard)
Available in both standard finish and an optional dark chrome finish, both enhances the confident and composed road presence with the wide horizontal design.

Front bumper / Skid plate
The front bumper features a silver-painted skid plate, combining a rugged, adventurous look with a touch of sophistication, further reinforcing the vehicle's strong stance.

LED turn indicators
The front LED turn indicators, integrated below the DRL, feature three lights that illuminate simultaneously, creating a distinctive and cohesive signaling pattern for a modern, confident look.

Side

The side showcases extended wheelbase of 2,520mm, with a muscular silhouette. New available diamond-cut alloy wheels catch the eye with bold, multi-faceted design, while silver painted roof rails add a touch of practicality and style. Fender and lower door cladding emphasizes it's rugged character, and the signature C-pillar garnish with VENUE branding creates a distinctive, confident look.

Lower door cladding (Body color / Plastic)
The plastic cladding along the lower sides of the doors adds a protective layer. It shields the body from minor scratches and debris while enhancing the SUV's robust character.

Outside door handles (Dark chrome / Body color)
The available dark chrome finish adds a touch of sophistication to the exterior. The standard body-colored option blends seamlessly with the vehicle's design for a clean and cohesive look.

Bridge type roof rails
The silver-painted roof rails feature a bridge-type design that is both stylish and functional. Rated for carrying additional cargo, they provide a convenient way to transport large luggage.

Signature C-pillar garnish
The signature C-pillar garnish features a glossy metallic silver finish with prominent VENUE branding. Adding a distinctive and premium touch that enhances the side profile.

Power folding side mirrors (LED turn indicators)
The power folding side mirrors combine functionality and style, featuring integrated LED turn indicators for improved visibility and safety. They fold in at the touch of a button for added convenience.

Rear

From the rear, the all-new VENUE presents a refined and confident stance. Horizon LED rear combination lights create a modern signature, while the privacy glass adds a touch of elegance and seclusion. The rear spoiler, bumper, and the silver-painted skid plate complete the look, balancing style and rugged sophistication.

Rear window (heated / privacy)
The rear window features a privacy tint, offering a sense of seclusion and elegance for passengers. Integrated heated wires help prevent fogging, ensuring clear visibility in all weather conditions.

Rear spoiler
The rear spoiler extends seamlessly from the roof and C-pillar, adding a sporty, aerodynamic touch while enhancing the VENUE's sleek, flowing silhouette.

Horizon LED rear combination lights
Available in LED as standard, they combine style and visibility. Ensuring the vehicle is clearly seen from behind for enhanced safety while complementing the modern sleek rear profile.

Rear bumper and skid plate
The rear bumper features a silver-painted skid plate that houses reversing light in a sleek, asymmetrical design, while adding rugged style for stronger road presence.

Fog lamp
Integrated into the rear skid plate, creating a clean, cohesive design while improving visibility for vehicles behind even in low-visibility driving conditions for added safety.

Rear turn signals
The rear turn signals, illuminate three lights simultaneously, ensuring clear and highly visible signaling for safer lane changes and turns.

Interior & Convenience

Step inside and experience the new modern cabin where design meets practicality. The H-architecture's horizontal layout forms a design language that accentuates the width and spaciousness of the interior, creating an open and inviting atmosphere. Finished with premium materials and refined VENUE branding, the cabin space blends sophisticated atmosphere with convenient comfort.

Driver space

The driver space is thoughtfully crafted with a focus on ergonomics and accessibility. Placing the controls, display, and features within easy reach. The layout, combined with intuitive technology and a driver-centric design, ensures a comfortable, connected, and optimized driving experience for maximum control and convenience.

D-cut steering wheel

The new steering wheel features a D-cut design, enhancing sporty appeal and driver engagement. Integrated controls are seamlessly incorporated, combining functionality with a modern, refined look.

Digital cluster

The available 4.3-inch digital cluster features Hyundai's newmodern interface design, offering a clear, intuitive display which complements the vehicle's contemporary interior styling.

Smart key with Push Button Start

The Smart Key with Push Button Start enables effortless entry and ignition, while the built-in immobilizer enhances security by preventing unauthorized engine start-up.

Centre console storage

The centre console storage between the front-row seats offers a practical compartment to keep essentials like keys, wallets, or small devices within easy reach, and helps in keeping the cabin organized.

Cabin space

The cabin space is designed for comfort and versatility, with spacious second-row seats, manual curtains for added privacy, and a tilt-and-slide sunroof that fills the interior with natural light, creating an open and inviting atmosphere for all passengers.

Seats design
The seats are available in fabric or artificial leather, featuring VENUE branding for a distinctive touch. Their design balances comfort and practicality, complementing the interior's atmosphere.

Seat back storage
The seatback storage located behind the front passenger's seat provides a convenient space for keeping small items such as personal belongings within easy reach for rear passengers.

2nd-row manual curtains
The 2nd-row manual curtains, available for added convenience, provide privacy and shade for rear passengers, enhancing comfort during bright or sunny conditions.

Rear door armrests
The ergonomic second-row armrests, available in artificial leather, offer added comfort and support for rear passengers, enhancing the overall sense of refinement and convenience in the cabin.

Powered tilt-and-slide sunroof
The powered tilt-and-slide sunroof, available in the all-new VENUE, allows natural light to flood the cabin, enhancing the sense of space and openness. Easily operated at the touch of a button, it can tilt or slide open to create a breezy, airy ambience. The sunroof keeps occupants connected with the outdoors while maintaining comfort throughout everyday journey.

Convenience

The all-new VENUE brings premium-level convenience features typically found in higher segments, making everyday driving more effortless. From wireless connectivity including Over-The-Air updates to USB Type-C ports and a panoramic display, the cabin is equipped with thoughtful technologies to enhance comfort, connectivity, and ease of use for both driver and passengers.

Wireless Apple CarPlay® and Android Auto™
Wireless Apple CarPlay and Android Auto let you seamlessly connect and sync your smartphone without cables, keeping you connected and providing a personalised, intuitive in-car experience.

Integrated infotainment display (10.25 inch infotainment display)
Panoramic design connects the digital cluster and infotainment screens into a single flowing design, seamlessly integrating into the H-architecture. With a subtle bend in the middle orienting the infotainment display towards the driver, it provides intuitive control and a modern, cohesive interface enhancing functionality and modern cabin design.

Bluetooth connectivity (Voice recognition)
Bluetooth connectivity allows seamless, hands-free interaction with your device. With voice recognition, you can make and receive calls without taking your hands off the wheel, for safer driving.

Convenience

Better AC flow
Optimized airflow ensures faster cooling and even air distribution throughout the cabin, keeping every passenger comfortable on every journey.

Premium sound system
Available premium sound system delivers immersive audio quality throughout the cabin, with 8 strategically placed speakers ensuring clear, balanced sound for every passenger.

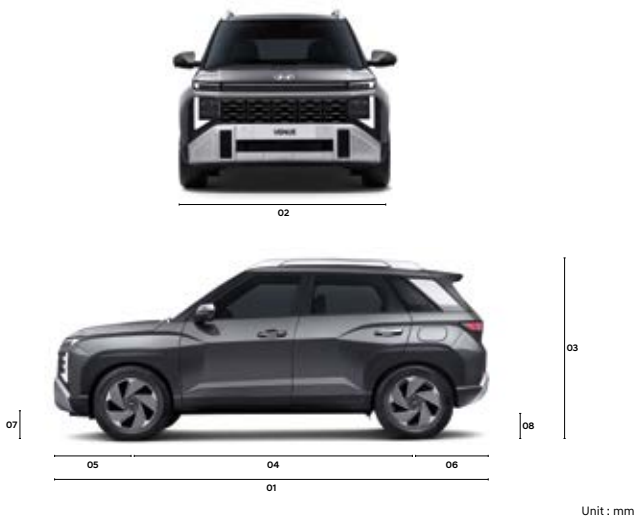

2nd-row AC vents & USB type-C charging ports
The 2nd-row AC vents and rear USB type-C ports provide enhanced comfort and convenience for rear passengers, enabling them to stay cool and connected on every journey.

1st-row USB type-C ports (Data/Charging)
The 1st-row USB type-C ports provide charging and connectivity, with one port capable of switching between data transfer and charging mode, offering flexibility for devices and in-car technology.

Performance & Safety

Hyundai VENUE continues its legacy of reliable and versatile performance, offering three powertrain variants with manual and automatic options, designed to suit diverse driving preferences. Built on a rigid and reinforced body structure, the VENUE delivers stability and safety across all terrains, while the Hyundai SmartSense system integrates intelligent features such as collision avoidance, lane keeping, and driver attention alerts to provide a confident and composed driving experience every time.

Performance

All-new VENUE delivers a versatile and engaging performance, offering three powertrain options including two gasoline variants and one diesel, catering to a range of driving preferences. Drive control mode and traction control mode further enhance the driving experience, allowing the vehicle to adapt seamlessly to different road conditions for confident and enjoyable handling.

Efficient power (Gasoline 1.2 & 1.0 turbo)

Experience efficient power choices to match diverse driving needs. 1.2 Gasoline engine for smooth everyday performance, a 1.0 turbo gasoline engine for more responsive power.

Electronic Stability Control and Hillstart Assist Control (including ABS)

Electronic Stability Control, Hill-start Assist Control, and Anti-lock Braking System work together to enhance control and safety. ESC helps maintain stability during cornering, ABS prevents wheel lock-up for better steering control, and HAC supports smooth uphill starts by preventing rollback. Combined, they provide more confidence in fast turns and on steep inclines.

Manual Transmission

Gear knob (MT)

The gear knob is available in soft PVC and leather materials, offering a comfortable and tactile grip for both manual and automatic transmissions, combining functionality with refined interior styling.

Paddle shifters (AT only)

The silver-painted paddle shifters, available on automatic models, offer quick, precise gear changes while adding a sporty, and premium touch to the driving experience.

Tire Pressure Monitor System (TPMS)

The system displays tire pressure in the digital cluster, helping the driver you maintain the correct pressure for optimal fuel economy and safety at a glance. It alerts the driver of dangerously low pressure levels, helping to prevent a possible accident.

Safety

Engineered with a comprehensive approach to safety, including child lock, six depowered airbags, Manual Speed Limit Assist and reinforced chassis structure designed to absorb impact and enhance protection. Complementing these features is the Hyundai SmartSense, a cutting-edge driver assistance system that monitors the surroundings and to assist the driver in every condition.

Rear View Monitor (RVM)

The Rear View Monitor (RVM) displays a live video feed from the rear camera, helping the driver see what's behind when reversing. Making it easier to spot obstacles and maintain better awareness, supporting a safer and more controlled parking experience.

6 airbag system (Depowered)

The depowered airbags, ensures controlled, safer deployment during collisions. Additionally, the two-side airbags and two curtain airbags provide improved side crash protection for all occupants from impact and possible glass debris in case of an accident.

Features

New Hyundai emblem
The all-new VENUE includes the latest Hyundai emblem with the flat design and brushed metal finish, enhancing the modern design.

Safety power windows
Power windows include an anti-pinch safety feature that stops the window if and when obstruction is detected.

High-Mounted Stop Lamp
Integrated in the rear spoiler, the high-mounted stop lamp is present to improve brake visibility for the rear approaching vehicles for enhanced safety.

Steering wheel controls
Enables to conveniently operate connected smartphone and audio system without removing your hands from the wheel while driving.

Electronic Parking Brake
The parking brake becomes more accessible, while also enhancing safety by automatically disengaging.

Day & Night room mirror
The D&N room mirror features a practical design to reduce glare from vehicles approaching from behind, enhancing driver comfort and safety.

Interior lighting
The interior lighting, placed at the front and in the 2nd row, offers practical illumination to keep the cabin comfortable and well lit for all passengers.

Rear view camera
Positioned just above the license plate, provides a clear view of the area behind the vehicle, making parking and reversing safer and more convenient.

Sunvisor
The sunvisor includes a vanity mirror, providing effective shading from sunlight while offering a convenient feature for personal use.

Door handles (body color / metallic)
Available in two finishes, body color for a seamless look, and metallic paint finish for a subtle, refined accent that adds sophistication to the interior.

3 point seatbelt & reminder
All seats come with 3-point safety belts and a chime reminder, ensuring all passengers never fail to buckle up for their own safety.

Child seat anchor (ISOFIX)
The clearly marked ISOFIX points are for child seats to be securely connected to the vehicle's chassis for maximum stability and safety.

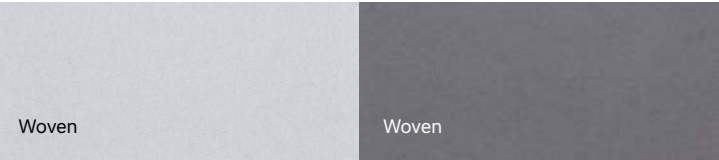

Spare tire
Located under the rear cargo space, spare tire is included as a standard feature, providing peace of mind by being prepared for unexpected flat tire.

Cabin air filter
The easily replaceable air filter, keeps the cabin environment clean and fresh by removing dust, pollen, and spores.
